

**When to Use
This Form**

This form is to be used in conjunction with Procedure P-192.727 to properly document the abandonment of a pipeline.

**Reviewed
Procedures**

P-192.727 *Abandonment or Inactivation of Facilities*

The applicable sections of the above procedure(s) shall be reviewed prior to completing this form.

**Documentation
Procedure**

1. Make a copy of this form and replace the original in the file. Do not mark up the original copy of this form.
2. Gather data and complete form.
3. If this abandonment is for a pipeline that is offshore or crosses a commercially navigable waterway, file a report of abandonment of that facility. This report should be done through the NPMS and should include: NPMS required attributes, date of abandonment, diameter, method of abandonment, and certification that, to the best of the operator's knowledge, all of the reasonably available information requested was provided and that the abandonment was completed in accordance with applicable laws.
4. Place completed form into DOT File 192.727. Retain records for the life of the pipeline system.
